Throughout the world, strains of the far outnumber those of the Chinese and Japanese varieties, ranging from 100 to 1,000 in size and shape. Of the temperate, cerebral and prolific variety, it is not native to the United States. It is found in the wild in the mountains of the Himalayas and in the mountains of the Himalayas. It is found in the mountains of the Himalayas and in the mountains of the Himalayas.

Mr. Dolan. In conclusion the General Manager foresees greater business activity during 1940 under the impetus of war orders, greater employment and more general distribution of purchasing power.

Benjamin Franklin never requested or received a patent for any of his inventions or discoveries, although he is ranked as the greatest inventive genius of his age.

\$22,000 Paid To Alberta Drivers

Only half the number of applications for refunds were made by Alberta motorists up to January 15, which was the cut-off date compared with the similar period of last year, according to information which officials of the Alberta Motor Association have received from the provincial secretary of transport.

The refunds this year, \$22,000, covering 12,000 claims, while a year ago the amount was \$44,000 and applied to about 28,000 claims.

While most motorists in December no doubt had considerable interest in the refund application, many drivers are reluctant to keep their cars in operation, especially when they are not sure of the refund.

When the refund scheme was changed to open on April 1 instead of the former January 1, it was changed to give motorists a longer period to make their claims.

It was pointed out that it would not be easy to get the refund if a driver's car was not in operation at the time of the refund.

IN ANCIENT ARMENIA
About the same time that the Greeks had adopted a national beverage the Jews called "Yehim" and "Yehim" the Armenians found it in their drink. It is mentioned in the Talmud, the Mishnah, and the Zohar as a drink of the Jews. It is also mentioned in the Talmud, the Mishnah, and the Zohar as a drink of the Jews. It is also mentioned in the Talmud, the Mishnah, and the Zohar as a drink of the Jews.

LIQUID MEASURE

By George Douglas

"It's not easy"

Many a man has tried to measure the volume of water in a tank or cistern, and has found that the water level is not the same at all times. The reason for this is that the water level is affected by the wind, the sun, and the moon. The wind can blow the water up or down, the sun can heat the water and make it expand, and the moon can pull the water up or down. The result is that the water level is not the same at all times, and it is difficult to measure it accurately.

The SNAPSHOT GUILD

SNAPSHOT PARTIES

It is the policy of the Stettler Independent to publish a snapshot of the week's events. The snapshot is a collection of small photographs that are arranged in a grid. The snapshot is a popular feature of the newspaper, and it is a good way to see what is going on in the community.

Winter Schedule

By Dr. R. B. Smith

The winter months are a time of year when many people are sick. This is because the weather is cold, and people are more likely to catch colds and flu. It is important to take care of yourself during the winter months. You should get plenty of rest, eat a healthy diet, and exercise regularly. You should also see your doctor if you are sick.

India and the British Commonwealth

By Dr. H. H. H. H.

There seems to be a general feeling among the commonwealth people to observe a difference in the attitude of the commonwealth towards the Indian situation. The difference between British and Indian views is a difference in the attitude towards the Indian situation. The difference between British and Indian views is a difference in the attitude towards the Indian situation. The difference between British and Indian views is a difference in the attitude towards the Indian situation.

Clears CLOGGED DRAINS

"...others can be smoked."

According to Rear Admiral Percy W. Hellea, Chief of the Naval Staff, the new vessels, of the "Corvette" class just built or being completed in Canadian shipyards, will carry the names of different towns throughout Canada. The Canadian Navy's destroyers and minesweepers are named after rivers and from other geographical sources.

HAVE you ever thought of taking a series of "candid" or "off-guard" pictures of the baby in his happier or more active moments, and saving these in a special album entitled "We Know Him When?"

During the winter months, most of your "off guard" baby pictures will be taken indoors, and many of them at night. Amateur photo buffs supply enough light for the night snapshots, and your film dealer will have booklets or leaflets showing how to arrange them. With lights arranged properly, the night snaps are almost

road to Lake Chad from Ouargla, in Northern Algeria. Bat with France

a prisoner of the Axis the road to Lake Chad must become more of a journey than a penetration of German and Italian troops and supplies—aims good so that road, they believe, will border the border of the richest of all of British Africa possessions.

There is every prospect now, however, that the French authorities in Equatorial Africa will continue the fight alongside the British. The French are not only doing so in a strategic spirit, and in the heart of Africa, but derived too of an interest in separating the Axis from resources of raw rubber, cotton and minerals. Most valuable of all to the Axis is to acquire the more courageous French commanders have kept the few Tricolor waving in at least one corner of the world. The Axis, they say, is not getting any obedience to German orders, may well rally other French colonial authorities to continue the war.—New York Times.

WINSTON'S NEW STAMPS

Issued By Decision To Produce

UNITY HAS CHECK ITS TENTS

roke the thousand-year-old British
was abolished by the British
Commons...

It was done by the passage of an
act that could be placed on a sheet
of newspaper.

In a few hours the capitalistic
organization of society was undermined.

Profit as a motive in human association
was suspended.

Labor relinquished cherished rights
and privileges as its contribution.

This momentous change heralds the
passing of the old.

Meanwhile, far away across the street

the special "war stamps," issued by the Australian Government each

The Australian War Effort stamps of the United Kingdom and Canada recently issued are of one, two, three and six pence, and were issued to produce revenue for Australia's war effort. A common design appears in each stamp, an Australian soldier in a trench looking over his standing shoulder to shoulder with the head and shoulders of a Red Cross nurse as the central design in the upper background. The stamps carry the date "1940" First day issued and the words "Australia's War Effort," over a solid map of Australia.

Other "war time" stamps are being issued or contemplated by Australia as a means of raising war revenues. A series of United States postage stamps designed to spread

the vanguard of a new hope.

Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a screen displaying a target. The target is a small object (e.g., a ball) that is launched from a fixed point. The subject's hand is positioned at the launch point, and the target is launched at an angle. The subject's hand is then moved to the target's position. The distance between the launch point and the target is labeled as d . The angle of launch is labeled as θ . The subject's hand is then moved to the target's position, and the distance between the hand and the target is labeled as d' . The subject's hand is then moved to the target's position, and the distance between the hand and the target is labeled as d'' .

That's sound advice because it's a simple fact that Canadians buy more Pilsner than any other brand. They buy it most because they like it best, for the chances are that you, too, will find it just what you're looking for -- a mild, cool, sweet smoke that exactly suits both your taste and your pocket.

YOUR WAX LOAN BILLS

When the next few days you will receive your 2nd Wax Loan Bills. Have you considered where you will keep them, to be safe from fire, theft, or loss through inconsideration?

The Bank of Montreal offers you the security of a safety deposit box in its vaults, in which you can keep not only these bills, but other papers, as well as small articles of value. The cost is negligible.

Gabby News

We were all sorry when the time came for our old friend "Gabby" to finish his career with the Stettler Independent. He was a very reliable man to have in any emergency, ready to take on anything that came along. Gabby was a very good person, and we will miss his presence in the news column.

Mr. Hart's Agency and left for his home in Vancouver. He is a very reliable man to have in any emergency, ready to take on anything that came along. Gabby was a very good person, and we will miss his presence in the news column.

the SNAPSHOT GUILD

TRAIN YOUR EYES TO SEE

How much of our world is hidden from us? In the shadows of the unseen, in the corners of the unexplored, in the depths of the unimagined, there is a world of beauty and interest waiting to be discovered. The Snapshot Guild is a group of people who are interested in the art of photography and who are looking for new and interesting subjects to photograph. We are looking for people who are interested in the art of photography and who are looking for new and interesting subjects to photograph.

President H. T. Jaffray's Address At 50th Annual Meeting of the Canadian Banker's Association

President H. T. Jaffray, who presided over the 50th annual meeting of the Canadian Banker's Association, which opened last night at the Hotel Vancouver, made a statement of the position of the Canadian banking system. He said that the Canadian banking system was in a sound position and that the banks were well equipped to meet the needs of the country. He also mentioned the importance of the banks in the Canadian economy and the need for them to continue to improve their services to the public.

Mr. Jaffray pointed out that the Canadian banking system had grown steadily since the war and that the banks were now in a position to meet the needs of the country. He also mentioned the importance of the banks in the Canadian economy and the need for them to continue to improve their services to the public.

The regular Monthly Meeting of Frontenac Chapter I.O.O.F. will be held at the home of Mrs. W. D. Dixon on Monday, January 14th, at 8:15 p.m.

Mrs. V. Stewart of Edmonton spent the Xmas holiday in town with her father, Judge Gray.

In spite of the cold weather, Dr. Priar's Lutheran church was well attended for the Dec. 26, as usual. Many enjoyed the meeting by St. Paul's. A business session followed. The service closed with the Lord's prayer.

Happy New Year

We wish to extend to all our customers and friends, a Happy and Prosperous 1942 and hope we can be of service to you in the future as well as in the past.

are required to make it. The Chairman predicted that an

of existing power and an entrepreneur could find it difficult to persuade investors that his response would be enough to insure against the risk.

Some, such as I, knew the law had been revised since the time of the first case. The new law was intended to make it easier for small businesses to obtain credit from banks. It required that banks have a "good faith" effort to provide loans to small businesses. This meant that banks had to have a "good faith" effort to provide loans to small businesses. This meant that banks had to have a "good faith" effort to provide loans to small businesses.

Look Out! A Sick Liver is Dangerous

A sick liver is a dangerous condition. It can lead to various complications, including jaundice, liver failure, and even death. It is important to seek medical attention if you suspect you have a sick liver.

Common symptoms of a sick liver include yellowing of the skin and eyes, dark urine, and fatigue. If you experience these symptoms, it is important to see a doctor as soon as possible.

There are many ways to prevent a sick liver, including eating a healthy diet, exercising regularly, and avoiding alcohol and drugs. If you have a family history of liver disease, it is important to get regular check-ups.

"IN HIS STEPS," a hilarious religious play by William Somerset Maugham, has had the honor of many book ever printed—recognition of the Bible as the more than 2000-year-old story which has been told in the English language since the beginning of time—and has been published in more than 20 languages.

To meet today's practical demand that we shall realize, and to "do His work" of help, it is the prayer of the author, who is a body lover, "We the people of 'In His Steps'."

HONOURABLE J. G. GARDINER, G. S. D. HARTON,
Deputy Minister

With many of the country's dentists in military service, toothbrushes are becoming widespread in Germany. The Reichswehr Ministry of Cologne reported "there simply are not enough dentists." The paper urged the people to be patient, to consult a dentist only "when the weakness of help. It is the Army's duty to help. The lack of every body here. The radio show of "In the Grip" is the one that everyone is looking forward to beginning on GEMA on Sunday, April 5, at 9:30 p.m.

The Stettler Locker Plant Officially Opens June 27th

Stettler Cold Storage Lockers Open To Public Saturday

Country and townsmen are daily invited to inspect new plant in all departments.

The Stettler Locker Plant, located in the town of Stettler, Alberta, is now open to the public. The plant is a modern, well-equipped facility for the storage and processing of livestock. It features a large number of lockers for the storage of meat, and a complete set of equipment for the processing of carcasses. The plant is situated on a large tract of land, and is surrounded by a high wall for security. The building is made of brick and is well-lit. The plant is open to the public on Saturdays, and is a good place to visit for anyone interested in the meat industry.

We Congratulate The Stettler Locker Storage Plant

THE SNAPSHOT GUILD
TRAIN YOUR EYES TO SEE
 By John Anthony

The role played by photography in the replacement of the visual material in the news is becoming increasingly important. It is the photographer's job to capture the moment that tells the story. This is not a task that can be learned in a classroom. It is a skill that must be developed through practice and experience.

There is a great deal of material available for the student who wishes to learn the art of photography. However, it is not enough to simply read about it. One must actually pick up a camera and try to see the world through the lens. This is the only way to truly understand the art of photography.

The Snapshot Guild is a group of photographers who are dedicated to the art of photography. They offer a variety of courses and workshops for students of all levels. Whether you are a beginner or an experienced photographer, there is something for you here.

Join the Snapshot Guild today and start your journey into the world of photography. You will learn from the best and gain the skills you need to become a professional.

SEATTLE
 The national "rush" to the seashore is the best time to see the city. The weather is perfect, the crowds are just what you need, and the scenery is breathtaking.

The city of Seattle is a beautiful one, with its mountains, its water, and its people. It is a city that has something for everyone. Whether you are looking for a quiet retreat or a place to party, Seattle has it all.

The best time to visit Seattle is in the summer months. The weather is warm and sunny, and the crowds are just what you need. The city is in full swing, and there is something for everyone.

If you are looking for a place to relax and enjoy the sun, Seattle is the perfect place. The beaches are beautiful, and the water is perfect. It is a place where you can truly relax and enjoy the summer.

Probably many drivers do not fully realize the extent to which tires are damaged when the tire strikes curb or other obstructions. Usually the damage is not immediately evident as the tire rarely loses out at once.

Later, the damaged inside of the tire will chafe through the tread or the weak will completely rupture.

Driving on a flat tire is ruinous. If a tire is completely flat, it is to be replaced by driving on it for a very short distance, perhaps a revolution of the wheel.

Ross Munro On The Dieppe Raid

Mr. Ross Munro, Canadian Press correspondent in London, has written a book on the Dieppe Raid, "The Dieppe Raid: A Canadian Story." The book is a detailed account of the raid on Dieppe, France, on August 19, 1942, and the role of Canadian troops. It is available at a special price of \$1.50.

PROTEST TO LAND

The South Islander from the Dieppe Raid, who was killed in action, is being honored by a protest to land. The protest is being held in the town of Dieppe, France, on September 16, 1952.

THE R.A.P. and R.C.A.P. and their story of the Dieppe Raid

The R.A.P. and R.C.A.P. are the two main organizations in the Dieppe Raid. They are both dedicated to the memory of the soldiers who died in the raid. The R.A.P. is the Royal Canadian Association of Parents and Friends of the Missing, and the R.C.A.P. is the Royal Canadian Association of Parents and Friends of the Missing.

5000 CANADIANS ENGAGE IN ATTACK ON DIEPPE

Dieppe, a heavily fortified town on the west coast of France, was the scene of a surprise attack by 5000 Canadian soldiers on August 19, 1942. The attack was a failure, but it was a significant event in the history of the Canadian military.

The attack was planned by the British and Canadian forces. The British forces were to land on the beach and establish a beachhead. The Canadian forces were to follow them and engage the German forces.

The attack was a surprise. The German forces were not expecting an attack on such a large scale. They were caught off guard and were unable to mount an effective defense.

The Canadian forces were engaged in a fierce battle with the German forces. They fought bravely and sacrificed many lives. The attack was a costly one, but it was a necessary one.

The attack on Dieppe was a turning point in the history of the Canadian military. It showed that the Canadian forces were capable of fighting a large-scale battle. It also showed that the Canadian forces were willing to sacrifice for their country.
